

THALES

LIBERTY™ MULTIBAND LAND MOBILE RADIO

*****PRODUCT UPDATE*****

J/F 12 Certified. Approved for Department of Defense land mobile radio operations.

Factory Mutual Intrinsic Safe Certified. Approved for operation in an explosive environment, demonstrating that it will not trigger ignition in the presence of flammable or combustible material.

Successfully completed Over-the-Air-Rekey (OTAR) testing at Customs and Border Protection (CBP). OTAR improves communications security by allowing secure key changes without the radios having to be returned to the maintenance facility for manual re-keying.

Successfully completed Department of Interior (DOI) Fire testing. Along with Law Enforcement and Tiers 1, 2, and 3 approvals previously received, the Liberty radio is now fully approved for sale to DOI.

Successfully completed Department of Homeland Security (DHS) Project 25 Compliance Assessment Program (P25 CAP) trunking interoperability and performance testing. Thales Communications has filed a Suppliers Declaration of Compliance (SDOC).

Special Offer Extended

Turn in your Thales 25 radio and receive an \$800 credit towards the purchase of a new Liberty radio!
